PROPERTY DESCRIPTION

The quality of craftsmanship extends throughout this 3 bedroom 2 1/2 bath home. Martha Stewart would love it! The rocking chair front porch welcomes you to the home, with detailed columns to give an excellent first impression. A gourmet chef would enjoy the kitchen, with its hardwood cabinets and granite countertops, complete with an island. The first floor master suite starts with a spacious bedroom, extends to a glamorous master bath with a whirlpool tub and separate shower, then finishes with a large walk in closet. The family room has a friendly fireplace for family gatherings, with a recessed area for the television. Entertain in style in the formal dining room, with detailed moldings, an elegant wainscot and hardwood floors. The secondary bedrooms are large enough for all your furniture. Enjoy summer evenings lounging in your screened porch, or you can sit on the back patio made of expensive pavers. Don't forget, the two car garage is hidden in the back of the property, so your first impression looks at this fine craftsman home, instead of a garage door!
